The Egyptians believed that an intact body was needed for a successful afterlife.*

- The Great Sphinx of Giza** – Is a limestone statue of a reclining or couchant sphinx (a mythical creature with a lion's body and a human head) that stands on the Giza Plateau on the west bank of the Nile in Giza, Egypt. The face of the Sphinx is generally believed to represent the face of the Pharaoh Khafra. It is the largest monolith statue in the world.
