- ◆ **Canton Tower** - Nicknamed "Little Waist," the Guangzhou Tower is located at the intersection of Guangzhou's new central axis and the Pearl River scenic axis. Standing at 600 meters tall, it is the tallest observation tower in China and the third tallest in the world. Its slender waist, naturally tapering from its rotating elliptical structure, gives it a graceful and dynamic appearance, making it Guangzhou's most recognizable landmark. It integrates sightseeing, entertainment, dining, and science education. Climbing the tower in the evening offers views of the sunset spreading across the Pearl River, while at night one can admire the city lights. It's a must-see for tourists visiting Guangzhou.

Innovate image technology, outline the ultimate texture under the vision of light and shadow, melt the blood and genes of Marine culture and art, and create a personalized city name card of Zhuhai.
