- Boat Safari and Crescent Island walk

ARUSHA

The sprawling city of Arusha is known as the safari capital of northern Tanzania. It serves as an excellent base from which to explore the remarkably scenic surrounding area which includes majestic Mount Kilimanjaro, as well as the Manyara, Tarangire and Ngorongoro National Parks. Visitors can look forward to exploring the wildlife-abundant Serengeti National Park; the magnificent Arusha National Park; and taking on the challenge of climbing Mount Meru, Africa's fifth highest mountain.

NGORONGORO

Situated in the Crater Highlands in Northern Tanzania, the Ngorongoro Conservation Area is best known for its archaeological and geological significance, rich wildlife, and beautiful scenery. The conservation area encompasses the famous Crater, the renowned Olduvai Gorge and vast plains of grasslands, forests and mountains extending to the Serengeti. This 8000-square-kilometre protected area is recognised for its natural beauty and has been placed on the UNESCO World Heritage List.

SERENGETI NATIONAL RESERVE

The Serengeti, together with Kenya's Masai Mara Game Park, constitute Africa's most famous wildlife park, spread over the enthralling landscapes of northern Tanzania. This is a precious ecosystem, supporting the annual wildebeest migration through the Serengeti and the Masai Mara. The largest mass movement of land mammals on the planet involves more than a million animals following the rains, including more than 1.5 million white-bearded wildebeest and 250 000 zebras. Prides of lions, as well as groups of elephants, giraffes, gazelles, and eland, roam among the photogenic vast grass plains between weird-and-wonderful-looking acacia trees.

Lake Naivasha

Giraffe Center

D9 LAKE NAIVASHA – NAIROBI
(95KM 2H5M) (B/L/D)

- Giraffe Center (Visit)

MASAI MARA NATIONAL RESERVE

The Masai Mara together with Tanzania's Serengeti form Africa's most famous wildlife park, the Masai Mara National Reserve. The image of acacia trees dotting endless grass plains epitomises Africa for many, then add a Maasai warrior and some cattle to the picture and the conversation need go no further. The undeniable highlight of the Masai Mara National Reserve is undoubtedly the annual wildebeest migration traversing the vast plains of the Serengeti and the Masai Mara. It is known as the largest mass movement of land mammals on the planet – with more than a million animals following the rains. Large prides of lions, herds of elephants, as well as giraffes, gazelles and eland can also be spotted in the reserve.

LAKE NAIVASHA

Lake Naivasha, in Kenya's Nakuru County, is the highest of the Great Rift Valley Lakes and despite having no outlet, it is one of only two Rift Valley freshwater lakes. Fringed by papyrus and acacia trees, this gorgeous setting is a unique geologic landscape that supports over 450 bird species. The lake serves as the main drinking hole for wildlife in the area such as zebra, eland, hippo, waterbuck, buffalo and many more animals, allowing for some superb game viewing. Visitors can look forward to intriguing night safaris, and boating excursions around the lake as well as to beautiful Crescent Island for spectacular bird watching.

NAIROBI

Situated along the Nairobi River in beautiful Kenya, the capital of Nairobi is East Africa's most cosmopolitan city. It serves as an excellent starting point for African safari trips around Kenya. Nairobi is Africa's 4th largest city and is a vibrant and exciting place to be. There are some fascinating attractions: its cafe culture, unbridled nightlife, the National Museum, the Karen Blixen Museum.

Balloon Safari
