Covering 4,370 hectares of pristine forest, it is home to numerous rare animals, including Javanese monkeys, long-tailed macaques, and red-faced chickens. The area boasts stunning natural scenery and offers panoramic views of the entire city, making it an ideal place to experience both nature and culture.

BA NA HILLS

From the summit, visitors can enjoy sweeping views of beautiful bridges, the vast sea, and lush rice fields. The cable car system here holds two Guinness World Records: the longest single-line cable car and the highest cable car system in the world. Key attractions include the French Village, Golden Hand Bridge, Love Garden, and Fantasy Park, each offering unique experiences worth exploring.

HUE

- ◆ **Hue Imperial Citadel** - The Imperial City in Hue served as the royal residence of the Nguyen Dynasty, where the emperor lived and carried out political and ceremonial activities. Strongly influenced by the architectural layout of China's Forbidden City, the complex preserves ancient walls, palaces and defensive moats. Recognized as a UNESCO World Heritage Site in 1993, it remains an important destination for understanding Vietnam's imperial history and royal culture.

HOI AN

Despite years of wars, Hoi An has remained remarkably well-preserved, and centuries later, the town still retains its original charm and historical atmosphere.

- ◆ **Cam Thanh Coconut Village** - Is located near Hoi An and is a traditional riverside community surrounded by dense water coconut forests. The area is characterized by winding waterways and a way of life closely connected to fishing and river activities.
